Victory Within Our Reach.

But a few days yet remain of the Campaign of 1872. In these few days, says the *Examiner*, must be concentrated active, vigorous, earnest work on the part of the Democrats if they want this contest to culminate in glorious triumph. We speak now to Democrats; we have no need to say one word to the Liberal Republicans; they have done and are doing their part oft he work nobly; but they have not received from their Democratic allies that unanimity and cordiality of support to which their heroic sacrifices entitle them. The Liberals have blotted out the past—are struggling with the present—looking to the future for the sake of the Republic. Why shall not patriotic Democrats do as much? We have seen enough of this contest now to know that the result depends entirely on the action of our fellow-Democrats. They must advance to the front, leaving not a single straggler by the way-side, bringing up every man; then ours is the victory. Democrats must understand that victory for the Liberal cause at this time means for the Democratic party a continuance of its organization intact; defeat means annihilation. If such reflection shall not inspire every Democrat, we know not what can. So much we say by way of introduction of the following admirable and inspiriting

ADDRESS OF THE NATIONAL DEMOCRATIC COMMITTEE TO THE PEOPLE OF THE UNITED STATES:

The October elections are over. They enable us to form a tolerably accurate idea of the true political situation in the country.

The National Democratic Committee feel impelled to say a few words to the people of the United States in regard to the results.

In Georgia we have to recount so unexampled a victory for the Liberal ticket that as to take her out of the doubtful States, and practically to pronounce in advance the decision of at least 125 votes in the Electorial College. To this it is only necessary to add sixty votes to elect Greeley and Brown.

In Pennsylvania the distinguished Chairman of the Liberal Committee eloquently characterizes the methods by which the result there was accomplished. We commend his statement to the thoughtful attention of the country.

In Ohio, despite the most unprecedented gains for the Liberal-Democratic ticket, the Grant managers have succeeded at the election by a reduced majority, having brought to the polls their entire reserved vote. Had our Democratic friends in certain localities shown the same earnestness and activity and recorded their entire strength, they would now be exulting over a brilliant victory.

In Indiana the Democratic and Liberal forces have achieved a decisive success over Pennsylvania tactics, most unscrupulously employed by the Administration and its allies, thus showing that a free people, when aroused, know their rights and dare maintain them. Indiana has fairly demonstrated that she can neither be "bought nor bullied."

The moral of these results is that victory is in the plain view of our national ticket, and that energy and courage will assure it. It is more than that; if we mean to preserve free institutions on this continent we must assure it. The event in Pennsylvania on Tuesday last is the most appalling political catastrophe that has ever taken place in this country. Should the system through which this catastrophe was wrought be foisted on the other States, it rings out the doom of freedom in America—a sad contrast surely, that the city in which our Republic was born, amid the anthems of a free people, should now be the first to toll the knell of its dying liberties. It is for the free, unbought people of all the States to calmly review the fearful crime against the suffrage in Pennsylvania and decide whether its enthronement shall occur within their limits.

For the first time the system of free government and the sanctity of the ballot are on trial in the United States. From this hour forward they dwarf all other issues.

Let our friends in each of the States catch inspiration from the heroic conduct of our fellow-citizens in Georgia and Indiana, and from now till November let their struggle be increasing for liberty and an untainted ballot-box in the interest of reform and good government. AUGUSTUS SCHELL,
Chairman National Dem. Com.

WHAT THE "UNION" SAYS.—The Sacramento *Union*, the ablest Grant paper on this coast, has the following paragraph at the close of a long article in regard to the defeat of the Radical party in Georgia; read it:

In this State of California the combined plunderers, failing to secure Governors to assist them in fastening heavy debts upon the State, did succeed in obtaining Legislatures to swamp several counties to an aggregate of some millions, and are now shaping their tactics so as to add fifteen or twenty millions more in the next ten years, if they can manage to use the popularity of the Republicans for their unholy purposes. If they elect their Congressmen this year, that will be a step toward the election of a thoroughly railroadized Legislature in 1873, of Gorham to the United States Senate, and of a Governor in 1875 nominated from the Central Pacific Railroad office. The game has this scope, and nothing less. Let the taxpayers be warned of it in time and take care to prevent the first step toward its consummation.

DEMOCRATS, DO YOUR DUTY.—The Democratic Executive Committee of Ohio have issued an address to the Democracy of that State, in which they say that the failure to carry that State was due to the neglect of the Democrats to poll their usual vote. The Liberal Republicans did their duty, and, had they been properly supported by their Democratic allies, the State would have been won. The Committee believe that the disaster of October can be retrieved, and that four-fifths of the Democrats who staid at home this month can be induced to vote for Greeley in November. To win a glorious victory, the Democrats need only bring to the polls their ordinary strength, and this the Committee appeal to them to do, in behalf of the Liberals and of a prostrate and plundered South.

Greeley at Indianapolis—A Splendid Speech.

People of Indiana:—The distinguished gentleman who has just addressed you has pronounced the two watchwords of the present canvass. The first is "reconciliation," the second is "purification." I have spoken heretofore on reconciliation; I propose to speak to-night in the interest of purification. Our country has recently encountered and vanquished the peril of disunion. She is to-day confronted with the deadly peril of corruption; the cancer is eating into her vitals, whereof the essence is purchased legislation, bribed public servants, and several betrayals of the highest trusts. I will endeavor to illustrate her present peril by simply recounting to you undeniable facts, which illustrate the history of legislation by Congress with reference to the Union Pacific Railway. I would fix your attention on this as a sample of the means whereby scheming, selfish, avaricious men contrive to glut their greed, while they talk about their public beneficence. Ten years ago the Congress passed an act chartering the Union Pacific Railway. That act was intended and calculated to secure a connection by railway of our Pacific with our Atlantic States—a noble purpose, and one which cannot but be strongly commended. As it was certain that private capital would not build a road through 2,000 miles of mountain and desert, Congress resolved to aid that enterprise generously. In the first place, right of way was granted with the right also to take material from any part of the public domain. Next a large grant was made in aid of the Pacific Railroad. Thirdly, bonds of the Government to the extent of $25,000 per mile were loaned to the company in aid of the project, and a first mortgage on the railroad taken therefor. It was thus provided that the road should be built with public money for public use, by the charter of the company. After a few years, this project having passed into the hands of capable, grasping men, some of whom were members of Congress, a new step was taken. The Congress was induced to authorize a new loan in aid of this project and an equal amount with the Government aid, that is to say, the extent of at least $20,000 per mile, and then the new loan was authorized to take precedence of the Government loan.

In other words, Congress relinquished our first mortgage on the railroad, and took a second mortgage, authorizing the company to make a first mortgage of equal amount ahead of ours. Now, then our security was destroyed in this way, so that our investment was to be of no avail. In a little while a private company was somewhere chartered, entitled the Credit Mobilier of America, and that private company or ring was composed of a lot of the active members of the Union Pacific railroad company, some of them members of Congress. No list of the stockholders of this Credit Mobilier was ever published or can be obtained. But these gentlemen proceeded to make contracts virtually with themselves, that is to say the same gentlemen, officiating as officers of the Union Pacific railroad, contracted with themselves as officers of the Credit Mobillier of America to construct the Union Pacific railroad at enormous prices, which absorbed both the bonds loaned it by Government and the private loan of the company of an equal amount, which was made the first mortgage on all the property of the road. In other words, these gentlemen contracted with themselves to pay themselves twice the fair cost of entirely building and equipping the road, and building the road with the proceeds of the money loaned by the Government, they proceeded to divide among themselves the other bonds, equal to the amount for which the Congress had made a mortgage on the entire road. By these means $20,000,000 or $30,000,000 were so divided among the parties, and all that money so divided we are called on to pay. They divided the bonds and built the road with government bonds which were a second mortgage on that company. Now, you see, these same gentlemen who engineered through Congress this project of making the road cost double what it should cost, and making half the costs a private dividend among themselves—these gentlemen now appear before Congress for still further advantages.

Congress had thus far reserved to the country such sums as this railroad earned by carrying the mails and provisions, etc., for the army of the United States; but the company said "No!" They said, "We want to reserve half of the money: you can pay one-half of the money to us. Consequently, in March, 1871, by an amendment fastened on an army appropriation bill, the Secretary of the Treasury was instructed to pay over to these companies one-half of the money they earned by carrying the mails and army supplies, and only reserving half of these earnings toward the payment of the interest semi-monthly, accruing on bonds due to the United States. So that on this day the people of this country are paying some millions per annum of their hard earnings for interest on these bonds loaned to the Pacific road—paying this money as interest to meet the vast sums divided among these gentlemen—among themselves—as the dividends of the Credit Mobillier of America. Now gentlemen, I do not say what individuals have received this money, but I do say that by corrupt legislation, in the way of individual gains, $30,000,000 or $40,000,000 have been saddled on this country—an unjust and unrighteous debt. We are called upon now to pay the interest every six months, and after thirty years must pay the principal; and all this because the men who were at the same time legislators and corporators corruptly used their legislative power to fasten this corrupt debt upon the people of the United States.

Now then, I stand here, fellow citizens, to insist that the legislatures of your country, national and State, need purification, and that the leading men in our Government, who are Speakers, and the members of the Committee on the Pacific Railway and other railways, should be called to justice. We need reconciliation. We need purification, and this not less than the other. The letters of Oakes Ames, the undenied and undeniable letters of a member of Congress, and a large stockholder in the Union Pacific Railroad, whereof he was recently President, these letters incontestably prove corruption—and corruption in high places. Such legislation as I have briefly exposed to you could not have been accomplished, could not have been effected without the connivance and support of men in high authority, and these facts assure you that purification is urgently needed. Fellow citizens, let me say one word for reconciliation. For years I have pleaded. For years I have implored that strife and contention should cease. For years I have said, "Let us have universal amnesty and impartial suffrage." [Applause.] We have achieved impartial suffrage. No man contests it. No man disputes it. Now give us universal amnesty. We ought to have it. [Applause].

It is time that alienation should cease. It is time hatred engendered by the late contest should cease. It is time the American people, the whole of them, should be asked again to resume the right of power over our common nationality—no outcasts, no aliens, none proscribed—and then, united once more, take the vows of allegiance, and support the honor and unity and the prosperity of this great Republic. [Applause.] I plead for reconciliation perfect and complete. I stand for amnesty so thorough that no man shall be left outside of its circle. I desire to see every American recalled to loyalty by being asked to stand equally with us on a common platform of American nationality. [Applause.] Fellow citizens, we were promised this four years ago in the Republican National platform. It has not been conceded to us. We have asked for it long enough. Now let the people say we shall have it. [Applause.] In several States—in Virginia, in Missouri, in West Virginia, the people have been asked, "Will you have every man enfranchised, no man proscribed?" And they have answered, "Yes! yes! No proscription; universal amnesty." The whole people will so answer if the question can be fairly presented. I have put the question. I represent the affirmative of that question, and I call on the people so to vote that no man shall doubt that the American people demand universal amnesty and the restoration of every withheld right to every American born or naturalized on our soil. People of Indiana, I know your generous hearts are with me. I believe your votes will testify that your hearts are sound and true. I believe that you cannot be bought. I know that you cannot be bullied, and I feel that when your verdict shall be pronounced it will thrill the hearts of the friends of reconciliation from one end of the country to the other. I know you and trust you. Your hearts beat responsive to mine. Make it sure there shall be no ambiguity in your verdict and nothing to mar the completeness of your victory.

Senator Trumbull's Expose.

On Friday the 9th of August Senator Trumbull made a powerful speech at Cambridge city, Maryland, in which he shows up some of the acts of those connected with the Administration. His speech, as we find it in the New York *World*, is a plain statement of some of the corruptions of the Administration, and the proofs adduced are all of an official character and so convincing we are compelled to believe. He shows, among others, where Robeson paid $93,000 in violation of law, on the Secor claims for some ship building. He also makes an exhibit of the Chorpending swindle, when the Postmaster General, Cresswell, after once rejecting the account, agrees to give this man $443,000, because his former law partner, Mr. Earle, becomes Chorpending's attorney for the claim. Trumbull then asks, "How long would General Jackson have kept that Postmaster in? or how long would Mr. Adams have kept him?"

He showed where Mr. Boutwell, in interest alone, lost to the Government $10,000,000; $100,000,000 is kept in the treasury for three years, which at six per cent. is $10,000,000.

Mr. Trumbull then goes after Casey, the brother-in-law of Gen. Grant, and concludes as follows:

"But he did a little worse than that. He was a party to a corruption fund, and helped to raise $50,000 for the purpose of bringing the members of the Legislature of Louisiana to pass a bill in which he was interested. This was brought to the notice of the President, but he keeps Mr. Casey still. Now I would rather not risk Mr. Casey with the millions of money he will collect at New Orleans for the next six months. I had just as soon that money should be applied to the payment of our debts. A man who would contribute money to bribe a Legislature probably would keep that money safely. I don't know but he would. [Laughter.] What do you think about keeping a man in office that attempts to break up a Legislature? He took the Senators and after he had kept them a few days he placed them on board a vessel of the United States, out of the jurisdiction of the Sergeant-at-arms, and at your expense. Has he been rebuked for it? The only rebuke he has had to suffer is to be kept there still, which is really an indorsement of his conduct.

LET THE LAW BE ENFORCED.—Unless there is a rapid and extensive removal of family treasure and household goods from this city to Vallejo within the next few days, Coghlan and Grant will lose a number of Mare Island votes. Strictly speaking, it is already too late to save them, for a man is required to live in the county thirty days, but hard swearing will remove much of the trouble. The requirement of the Code, however, that a man shall vote at home, coupled with the explanation that a man's home is where his family resides, is going to give Stanford and Coghlan a great deal of trouble. if it does not subject them to considerable expense. There are a large number of men employed on Mare Island who have taken the oath to vote for Coghlan and Grant whose families reside in this city and Oakland, and who if the law is enforced must come to San Francisco or Oakland to vote. The same trouble will interpose when many of the laborers now employed on the Vallejo road attempt to vote. We mention this matter now in order that parties concerned may do something in the way of moving families, and that the friends of honesty and reform at Vallejo, and other points in Solano county, may use their influence in maintaining the purity of the ballot box.—*S. F. Post.*

PHILADELPHIA had a larger registry list at the late election than was ever known in the city of New York.

The Tribune's View of the Prospect—Victory Within Our Grasp.

[From the New York Tribune, October 10th.]

Writing before the October elections, we said: "If our friends carry either one of the three States we shall have the better chance of success in November. The other side must carry all three to give them the best prospect."

We have carried one of them, and the one most desperately contested. We have overthrown the ablest of the cabal that led the President to his ruin—we would say also the most unscrupulous, if, in this hour of Pennsylvania's shame, we could forget Simon Cameron. Thomas A. Hendricks is elected Governor of Indiana.

We have no desire to underrate the gravity of the situation. We have been counted out of Pennsylvania, which we should have carried. We could easily have dispensed with its votes in the Electoral College; but the moral effect of the loss is depressing, to a greater extent than the number of electoral votes would indicate. The work is made harder for us in New York—harder for our brethren in all the States we mean to carry—by the triumph of Cameron's money, in the success of the Penitentiary candidate. From this day until the first Tuesday of November, we shall have upon us a continuous strain.

But we shall win! Our Liberal Republicans did well in Pennsylvania. In parts of Ohio they won signal victory, while the Grant majority in the State is handsomely reduced. In Indiana the Liberal and Democratic victory has been won in the face of such lavish efforts to kill the free suffrages of a State by importation and by midnight ciphering as even Morton never before attemped, and neither he nor anybody can again achieve.

And now we are in the open field! It is no longer possible to concentrate a Cabinet, a Treasury, all the patronage on two or three States. Thirty-seven States cannot be gagged in a night, like North Carolina or Pennsylvania, or overpowered by sheer weight like Maine. On the broader field the contest assumes a fairer aspect; and Indiana gives us an omen of victory. Under her inspiration the splendid Liberal Republican and Democratic organizations in Illinois declare they can win; and, knowing their work and their power, we believe them. Consider once more the list of States as it may fairly be placed to-day, in the light of the elections within a week in Georgia, Connecticut and Indiana:

For Grant.	*Electors.*	*For Grant.*	*Electors.*
Alabama	10	Iowa	11
Arkansas	6	Kansas	5
Connecticutt	6	Maine	7
Delaware	3	Massachusetts	13
Florida	4	Michigan	11
Georgia	11	Nebraska	3
Indiana	15	Nevada	3
Kentucky	12	Ohio	22
Louisiana	8	Oregon	3
Maryland	8	Pennsylvania	29
Missouri	15	South Carolina	7
New Jersey	9	Vermont	5
New York	35		
Tennessee	12	Total	119
Texas	8		
Virginia	11		
W. Virginia	5		
Total	178		

Leaving still seriously contested—

California	6	New Hampshire	5
Illinois	21	North Carolina	10
Minnesota	5	Rhode Island	4
Mississippi	8	Wisconsin	10

That leaves but six votes to win from the doubtful States; it leaves Grant sixty-five. On that showing, who can doubt which side the chances lie? Illinois would elect Mr. Greeley—or North Carolina, or California, or Minnesota. Each is promising; either one of the four would settle the fight. Courage, friends! the enemy have done their worst; we have wrested Indiana from their grasp, and the way to final victory is clear.

Government Thieves.

The following is from the speech of Mr. Greeley, at Allentown, Pennsylvania:

"I believe the time fully come for a scrutiny of the accounts with the men now in power in the nation, and in a majority of all the States, so that we can just see what money has been lost by incompetency and carelessness, and obtain an honest report of the condition of the finances and expenses of the Government. There is a steady concealment of important facts, which the people have a right to know." Mr. Greeley here referred to the defalcation of Paymaster Hodge, and said, "there was plenty of talk about it; the Pay Department charged the Treasury Department, and the Treasury Department charged it back to the Pay Department, but no investigation, no searching exposure was made, but the whole thing was hushed up as though it was forgotten. We have defalcation after defalcation, loss after loss, and we are called upon to admire the honesty and purification of an Administration which once in a dozen times catches a rogue. What we want is not punishment for this one rogue in a dozen, but means devised and put in operation whereby such stealing shall be impossible. What we need is not satisfied, nothing near it."

Mr. Greeley said that the reason the safeguards for the protection of the Treasury were so defective was, the officials whose business it was to watch and guard were not attending to their duties, but electioneering to secure another term of office. "I am," said Mr. Greeley, "a candidate before you in opposition to this kind of policy. I believe that a President in office never should be reelected. [Cheers.]

I believe you will never see any genuine civil service reform so long as the President wields the power of sixty thousand officers and his fifty million per annum of official patronage; so long as he may be and necessarily must be a candidate for reëlection, you can have no civil service reform. So says the Cincinnati platform, so says its endorsement by the Democratic National Convention at Baltimore. I demand of the people that they enact a decree of civil service reform by doing away with that one primary and prominent source of abuse in the civil service, the reëligibility of the President to an election for a second term."

THE European monarchs are generally fond of horses, and good ones too. Queen Victoria's horses are valued at $50,000. King William's at $65,000, Francis Joseph's at $140,000, Victor Emanual's at $19,000, Czar Alexander's at $63,000, Leopold of Belgium at $90,000, and the Sultan's at $500,000. Grant I., of the United States, has a stable which cost the United States $50,000, and his horses cost as much more.

Carl Schurz at Pittsburg.

Mr. Schurz recently paid a visit to the city of Pittsburg, where he received a splendid welcome, and made an excellent speech. The spirit of his remarks are as follows:

The city of Pittsburg had recently been the theatre of two great political demonstrations—one a convention of soldiers, who revived the memories of past battles and conflicts, the other the reception of a man of peace, who advised the people to bury the animosities of the war forever. In remembering the past stories of battles I will therefore never forget that in fighting for the Union I was fighting for free men and honest government; that in fighting against slavery I was fighting to confer equal rights on all men and for such other ends as should guarantee justice to all intelligent citizens. Therefore the desire for reconciliation will be uppermost in the heart of every true American soldier. As I do, I am free to say that the bravest among them always have been the most generous. This is not the first time that I have stood before the citizens of Alleghany County. I was here in 1860 and in 1868 advocating the cause and the principles of the Republican party, and those principles and that cause are still my principles and my cause. And because I stood true to them is the reason why I now stand in the Liberal ranks. As for the Administration organization, it is commanded by such as Morton, of Indiana; Chandler, of Michigan; Butler, of Massachusetts—[a volley of hisses]—and last but not least Simon Cameron, of Pennsylvania. When the war was over we believed that the new order of things brought about by the war should not be sustained by force, but rest upon the support of public opinion. We all know that the changes wrought through the war were not palatable to the Southern people whose fortunes and property and the lives of thousands and thousands had been sacrificed. We also know that extinction of slavery in the South was likely to produce misrule and many evils which it became the duty of the Republican party, as the party at the helm of the Government to counteract. Many intelligent citizens were excluded from the right of suffrage, though millions of ignorant blacks were admitted to power. However well disposed the Southern people might be, they are not only discouraged but repelled from all participation in the Government of the country. You know Congress would not pass a general amnesty law until it was drawn from it by the Cincinnati movement, which Republicans said imperiled the life of the party. The Senator then discussed at some length the carpet-bag rule in the South, taking as an instance that in the State of South Carolina: Its debt at the close of the war was $4,000,000. Now heaven knows how much it is, but it is admitted by the carpet-bag State government that it is at least $20,000,000. In North Carolina the debt in 1861 was $15,000,000; it is now $40,000,000. The Governor of this State in his last message acknowledged that the interest on the debt could not be paid by taxes without sweeping away the property of thousands of citizens. It has not been this way in Missouri and Tennessee where the war raged more fiercely. In the one set of States, misgovernment had made more devastation than the war itself, while the other, though struck down by war, rose quickly again, helped by the soft influences of peace. He then alluded to the manner in which public offices were filled at the close of the war with ignorant men, who did not stoop at any sacrifice to acquire riches speedily. When he pointed out the corruption in office he himself was denounced as a traitor to the party. When he continued, I found that I was abused thus for doing the best act of my life, I began to think I was in the wrong company and had better leave. It was one of the first duties of the party to see that the Constitution and love and respect for the law of the land were reinstated in every heart, but instead of that General Grant himself had set the example of violating the very first principles of the Constitution and the laws. Here the speaker alluded to the Santo Domingo question and to the violation of the act of Congress forbidding the employment of military officers as secretaries. He said these things, though comparatively small, would lead ultimately to despotism and the downfall of the Republic.

Stand to Your Guns!

We agree with the New York *World* that the time has come for testing the courage, constancy, party staunchness, fidelity to associates—or to express it all in one word—the manliness of all true Democrats. This is no time for any Democrat, least of all Democrats who accepted Mr. Greeley by the compulsion of party discipline, to flinch. The soldier who throws away his musket and takes to his heels at the first puff of adverse fortune, lacks that resolute steadiness which is the first element of manhood. If, in the varying turns of war we happen to lose an important battle, it is manly and soldier-like to retreat in good order, with lines unbroken and disciplined step, to a position where the reserves can be brought up and preparation made for again meeting the enemy with unquailing hearts of indomitable courage. No matter whether we originally approved or disapproved of the ground selected for the conflict. No matter whether a general was assigned us in accordance with our wishes or against our protest. Our honor binds us to men; it forbids us to withdraw after a mishap, the faith and pledges which our protests against the original error did not prevent us from giving. We trust it will be found that those of us who went farthest in deprecating the nomination of Mr. Greeley so long as remonstrance was in order, will show ourselves the most faithful and unshaken in the hour of adversity and peril.

It is an error to suppose we have nothing to fight for unless we are strong enough to elect our candidates. It would indeed be a great advantage to gain possession of the Government and have the initiation of public measures. But the Democratic party may be almost equally useful in another way, provided it is strong enough to make its opposition felt and feared. If we keep on striving for the highest prize we cannot fail of gaining the second. In what remains of the canvass we must contest the ground inch by inch, yielding nothing without a strenuous contest.—*Examiner.*

PRESENT INCUMBENT.

SMALL POX.—This disease has become epidemic in St. Louis and in Washington.

OREGON.—The Portland *Herald* thinks Oregon is sure for Greeley and Brown; Ben. Holiday and his railroad ring to the contrary.

INDIANA.—The Indiana *Sentinel* believes that State good for Greeley by 15,000. We will be satisfied with less, so long as it is too large to counted out.

RADICAL FRAUDS.—A correspondent writes from Raleigh, North Carolina, to the *World*, that they have legal proof that 6,000 fraudulent votes were polled for the Radical ticket in that State at the recent election.

THE SONOMA DEMOCRAT.—This first-class county paper has entered upon its sixteenth volume. We are glad to know it is in a prosperous condition. Pity but there were a great many more such papers in the State than there are.

MRS. GREELEY'S ILLNESS.—New York advices of October 23d say Mrs. Greeley still lies in a critical condition. Her disease is consumption, from which she has been suffering over ten years. Mr. Greeley and his daughter Ida are constantly by her side.

THE PORTUGUESE FOR GREELEY.—At a meeting of the Portuguese Society in San Francisco the other day a motion that Greeley and Brown be declared their candidates for the coming contest was carried by a large majority, all except four voting for the motion.

GREELEY'S CHANCES BETTER.—The New York *World* now thinks that the chances of electing Mr. Greeley are better than they were before the October elections. The Grant men are so sure of electing their man that they will not make the same effort that they did in October.

OHIO.—The Cincinnati *Volksblatt*, says: "If the Grant party of Ohio carried the State by 15,000 majority, only 7,500 votes are necessary to neutralize this majority. Hamilton county alone will furnish 5,000 toward it, and in the other parts of the State there will certainly be as much done, if not more."

OHIO FOR GREELEY.—The *Evening Post* says there are strong reasons for believing Greeley will carry Ohio. Outside of Illinois, the Liberal movement is stronger in Ohio than in any other State of the Union. A change of 4,000 votes gives Uncle Horace the twenty-two votes of that State, which would secure his election beyond a doubt.

INDIANA—OFFICIAL.—The official returns in Indiana show that the Reform party did better than heretofore reported. Hendricks was elected Governor by 1,148 majority, and the Democratic candidate for Superintendent of Public Instruction by 957. The rest of the State ticket is Radical by 150 to 783 majority. Indiana is considered safe to go for Greeley for President.

HORSE DISEASE.—A terrible, unknown horse disease sometime ago made its appearance at the East. It has spread at a terrible rate, causing intense alarm, having become epidemic in New York, Rochester, Syracuse, Buffalo, Detroit, Boston, Springfield and other places. In some of the cities the horse-cars have had to be stopped, and drays and other vehicles are becoming scarce.

ANOTHER DODGE.—The Radicals want to print something more on their tickets than the Code prescribes. What is sauce for the goose is sauce for the gander; and unless there is trickery in contemplation what is the use of all this talk about the matter? So long as the candidate's name desired to be voted for, and the office for which he is running, are upon the ticket, that is all that is necessary.

HOW TEXAS HAS SUFFERED.—Grant's thieving carpet-baggers have saddled a debt of about $15,000,000 upon the Lone Star State since the control of her finances has been in their hands. Before their rule commenced she had in her vaults $400,000 surplus funds. What wonder that Texas spewed them out as soon as Grant's bayonets were withdrawn so that the people could choose their own officers.

NOT NERVOUS.—The Louisville *Courier-Journal* is not nervous a bit about the result in November. It says: "We bid our friends be of good cheer, for the work goes bravely on. The people will yet show that they have not surrendered and do not intend to surrender their liberties to the Grant dynasty. Let every Democrat and every Liberal go to work with renewed earnestness, and the victory will yet be ours."

ILLINOIS ALL RIGHT.—Senator Trumbull has written a friend in Springfield, Ill., that in all parts of the State which he has visited the utmost enthusiasm continues in the interest of reform, and there can be but little doubt, if the present sustained efforts are continued, of the success of the Liberal ticket in the State by a large majority. Senator Trumbull has traversed the State more thoroughly than any other public man, and speaks from knowledge elicited by actual observation and from absolute facts.

Coghlan's Pet Measure.

SEC. 4. That any and all railroad companies shall have the right to run their cars from the mainland over the track of the Central Pacific Railroad Company to said island, and thereupon have reasonable facilities and accommodations for doing business, under such rules and regulations as shall be presented by the said Central Pacific Railroad Company; but each company availing itself of this privilege shall first pay to the Central Pacific Railroad Company a just proportion of the cost of improvements on said island, and the expense incurred in reaching the same from the mainland; and such portion to be measured and determined by the benefits which said railroad company may derive from the use of said main track and island; and in case of any disagreement between any such railroad company and the said Central Pacific Railroad Company, as to the amounts to be paid, and as to the use and occupancy of said track and island, the same shall be determined by the Secretary of War, subject to the approval of the President of the United States: Provided, That the said Central Pacific Railroad Company, and any other railroad company availing itself of the privileges of this act, shall receive and deliver freight and passengers which shall pass over their lines of road, or any part thereof, without extra charge, at one or more points convenient for business and travel on the western shore of said Bay and within the corporate limits of the city of San Francisco: Provided further, That the said Central Pacific Railroad Company shall make no charge for wharfage for freight or passengers which have passed or are to pass over their line of road or any part thereof. And be it further provided, That Congress reserves full power, when ever in its judgment it may be proper so to do, to authorize by law any other railroad company or companies to construct and maintain its or their own independent connections with and use of that part of the island of Yerba Buena the use of which is by this act granted that shall not be actually occupied for legitimate purposes under the law of Congress at the time said subsequent legislation may be had.

The above is the 4th Section of the Goat Island Bill which passed the House of Representatives last Winter, is Coghlan's pet measure, and he is trying to get back to Congress to help pass it into a law. It is clearly a "grab," and practically amounts to an exclusive grant to the Central Pacific Road, as a careful reading will show.

No independent road can come in over the track except "under such rules and regulations" as may be prescribed by the Central Pacific. That road is allowed to enforce, on the admittance of a competing road, any rules and regulations, in their discretion, and can make them so onerous and impracticable that no other road could afford to accept them. The provision for proportional pay for improvements and arbitration by the Secretary of War and the President, operates only after the other road has accepted the terms dictated by the Central Company. There must first be an agreement to let the other road in on stipulated rules and regulations, before the question of value is considered at all.

The free ferry matter is merely put on to catch simpletons; for whoever heard of the people making anything off of a railroad?—of course the road would get even by adding on to the general fares.

The Central Pacific is prohibited from collecting any wharfage on freights, etc., passing on their road—but what is there in the bill to prevent other roads from demanding such dues? And what is there to prevent the Central Company from collecting heavy wharfage on everything that passes over other roads? It is restricted only as to its own freight—owns certainly a common property in the wharves and improvements—with no legal limit or restraint whatever as to the amount of wharfage it may exact for freight carried by other roads. The soulless corporation would forget its accustomed and natural cunning if it did not make use of every advantage the law places in its hands; if it did not look to its own interests by monopolizing transportation and appropriating all the benefits of the grant to its own exclusive use.

Finally, Congress reserves the power to grant to any other road the privilige of constructing and maintaining independent connections with Goat Island, but there is little danger of that being done so long as the Central Pacific chooses our Senators and Congressmen.

Goat Island has been reserved by our Government for military purposes. It was so chosen—the whole of it—on the suggestion of intelligent army officers and skillful military engineers. It is one of the defensive points provided by nature for the protection of our commercial mart, our bay, our State, from our foes during all time. Other available points in and around the bay have been selected and improved by the construction of fortifications. A system has been planned out, and work on different points is being prosecuted with all vigor. Goat Island is included in that system, and in its relation to the work already done is a necessary link. The system would be assailable and indefensible without it. The military authorities do not advise the surrender of any part of the island to the Railroad. They want the whole of it, and as there is plenty of deep water at other places around the shore of the bay which may be used for Commercial purposes, the island should not be given away to a grasping monopoly like the Central Pacific; and we should be careful not to send to Congress the hirelings of the road, who would do its bidding. B.

FALSE STATEMENT.—The *Mail* says the Supervisors are allowing a thousand dollars a year in excess of what they ought to for the purpose of sustaining their party paper in the county. This statement is wilfully and maliciously false. The profits upon the county printing are not half a thousand dollars a year. The Great Register is lugged in as a part of the county printing. It might just as well add all the blanks and blank books printed at this office for the different county officers during the year and paid for by them personally. As before stated in THE DEMOCRAT, we regard the Great Register as a great piece of humbuggery, causing a large needless expense, but the law requiring it was enacted in the first place by Radical Republicans for partisan purposes, and the Board are compelled to comply with the law and see that the Great Register is printed. It has been done cheaply, and the only trouble with the *Mail* is that it did not have the printing of it. That is just what's the matter, notwithstanding one of its philippics a short time ago contained the oft repeated quotation, "to the victors belong the spoils!" We get paid for just what work we do, and nothing more.

GRANT NOT A SUNDAY MAN.—The telegraph gives the lie to Mr. Coglan's statement in his speech here that Grant only owns two or three plugs of horses, by stating that on Sunday last, while the President was driving a pair of colts, they became unmanageable and he was forced to jump from the buggy. "Oh, no!" says Johnny; "he only owns one span of old horses, and I wouldn't ride behind them from Woodland to Davisville for a thousand dollars for fear I would never get there." It seems, if the telegraph tells the truth, that he was breaking a span of colts on Sunday last, notwithstanding Mr. C's statement; and gentlemen of veracity insist that his stud of horses will compare favorably in number and value with those of the Kings and Emperors of Europe. So also his magnificent stables, built by the Government at a cost of $50,000.

PUBLIC SPEAKING AT BUCKEYE.—As will be seen by announcement elsewhere, there will be a meeting of Democrats and Liberal Republicans at Buckeye on Tuesday evening next, Oct 29th. Good speakers will address the meeting.

DIFFERENCE OF OPINION.—The impecunious concern across the way, in its anxiety to elect a Republican Supervisor in the Second District, attempts to injure the character of Mr. George H. Swingle, President of the Board, and the nominee of his party for re-election, by stating that he has added, without authority of law, from 10 to 12 per cent. to every bill audited. The Fee Bill, regulating fees and salaries, prescribes as follows:

Section 1. Fees and salaries are allowed to the officers hereinafter named, for their services rendered in discharging the duties imposed on them by law, as herein provided; and such officers may lawfully charge, demand and receive the same to their own use and benefit, in gold and silver coin of the United States, and all costs recovered in any suit or proceeding shall be payable in gold and silver coin.

In order to realize "gold and silver coin," as the law prescribes, the difference between the value of county scrip and coin has to be added. That is all that amounts to.

DECIDEDLY COOL.—The *Mail*, while finding fault with the Board of Supervisors on account of expenses necessarily incurred in complying with the law, by having the Election Proclamation printed in the DEMOCRAT, whines piteously because the expense was not doubled by printing the same thing in the *Mail*, and further very stupidly says: "Of course they are not anxious that the Republicans should know that an election is to be held in this county on the fifth day of November next," at the same time knowing that large printed posters ordering the election, signed by the Board of Supervisors, are conspicuously posted in every precinct in the county. No doubt our neighbor would have liked the job, but the Board thought, probably, that to publish the proclamation in both papers would be an unnecessary expense to the taxpayers.

THE RAILROAD.—A large force is now employed on the railroad between Davisville and Sacramento repairing damages of last Winter. It is said that a breakwater will be constructed on each side of the embankment where the washing occurred. This will make the roadbed permanent. The Colusa *Sun* circulates a report that the railroad between Marysville and Knight's Landing will be rebuilt in the Spring.

A Letter from Dr. Holloway.

533 OXFORD STREET. W. C.
LONDON, Sept 21st, 1872.

DEAR SIR:—I beg respectfully to annex copy of a circular as sent to the Medicine Vendors and others in the States and elsewhere by two or three individuals (of little or no means), under the style of the "New York Chemical Company," which Company had no existence until October, 1871, and with which I have no connection. The more effectually to deceive, they caution the public as follows:

"The immense demand for Holloway's Pills and Ointment' has tempted unprincipled parties to counterfeit these valuable medicines." In order to protect the Public and ourselves, we have issued a new trade mark consisting of an Egyptian Circle of a serpent with the letter H in the center. Every box of 'Holloway's Pills and Ointment' will have this trade mark on it. None are genuine without it.

"To dealers and jobbers in medicines: We call your particular attention to the new style of 'Holloway's Pills and Ointment'—none of the old style are manufactured by us now, nor have they been for months. We therefore caution all purchasers against receiving from any jobbers or dealers, the old style of goods."

Information concerning any such goods being offered will be received with thanks.

We ask the favor of all the information you can give in regard to these counterfeits.

Now this honorable Company, aware that your laws do not permit them to copy the precise getting up of my medicine, put their counterfeits in another form and intimate that they adopt a new label.

The object of these people in referring to the immense demand for these medicines is, that it may be believed that I am connected with them.

In the interest of the public, I therefore respectfully invite you to be pleased to give an insertion of this letter in your paper, that your readers may not be deceived by this "New York Chemical Company's spurious medicines.

Each pot and box of my genuine medicines bear the British Government Stamp with the words "Holloway's Pills and Ointment, London," but they are not sold in the United States. [Sined] THOMAS HOLLOWAY.

Town and County Matters.

County Court—Continued.

OCTOBER TERM—J. A. HUTTON, JUDGE.

The People vs. E. C. Hartman—Tried and found guilty as charged.

People vs. King—Indictment for assault and battery—Found guilty.

People vs. King—Indictment, jail breaking—Found guilty.

People vs. Hardy—Jail breaking—Found guilty.

People vs. Barnes—Continued till Nov. 1st.

People vs. Charles Nangle—Verdict of jury, "not guilty."

Sentences—James King, assault and battery, set for 1 o'clock, 25th; Jas. King, jail breaking, 10 o'clock, 25th; Pat. Hardy, jail breaking, 26th, 10 A.M.

ANXIOUS FOR PAP.—Our neighbor takes a queer course in endeavoring to obtain the county printing at the hands of the Board of Supervisors. Telling a lingo of falsehoods about a man does not make a friend of him. The whole aim of our neighbor's last philippic against the Board, and especially against Mr. Swingle, is to deceive the people of the District by false accusations, hoping thereby to induce the voters to support the Republican nominee, and thinking that he might then be elected and its chances improved. But that kind of argument will not work. Mr. Swingle has served the county faithfully two terms upon the Board, and he is too well known by our citizens for such transparent stuff to have any weight with them. And it comes with a bad grace from one who has lived in the county barely long enough to obtain a residence, to traduce our Supervisors in such an unjust and uncalled for manner. A bad investment by an individual can hardly be expected to be made up to him in any such way as our neighbor proposes by the people of the county.

REGISTRATION TRANSFERS.—The following transfers have been received at the office of the County Clerk. Under the provisions of the New Code they cannot be entered upon the Great Register unless the parties appear in person and make affidavit that they have resided in the State six months and in the county and precinct 30 days: Michael Manning, from San Mateo County; J. G. W. Wells, Humboldt Co.; J. Brigner, Butte Co.; Edwin S. Huston, Colusa Co.; L. D. Hopkins, Lake Co.; Ray Rudolph, Lassen Co.; Jose Maria Rodrigues, Yuba Co.; Henry Linderman, Sacramento Co.; A. G. Farnham, Placer Co.; Geo. B. Lewis, Colusa Co.

THE TENT.—During the week past large congregations have been present at the tent, and the interest has been considerably revived. Elder James White, and his wife, Mrs. Ellen White, of Battle Creek, Michigan, assisted by Elders Loughborough and Cornell, have discoursed eloquently to the people upon the claims of the Bible upon fallen humanity. That our people are glad to hear, is manifested by large congregations each evening. There are to be three discourses to-day—morning, afternoon and evening—and also to-morrow.

PLANT TREES.—The State Board of Agriculture have addressed a circular to the Boards of Supervisors of the different counties, containing a copy of the "Act to encourage the planting and cultivation of shade and fruit trees along the public roads and highways of this State," and urging the importance of attending to these things. We shall publish the circular next week.

CIRCUS.—As will be seen by advertisement, Chiarini's Circus proposes to perform in Woodland on Sunday evening, Oct. 27th. Mr. Gorham, the agent, informed us that the Company would sail for Australia on the first of November, and in order to exhibit at all in this county they were compelled to do so on Sunday. It is the best circus on this Coast.

DESIRABLE PROPERTY FOR SALE.—Geo. D. Fiske & Co. have just moved into their new office in Masonic Block. They call particular attention to a desirable farm they have for sale two and a-half miles from Woodland—No. 1 land; improved; a great bargain. Other desirable property, in and out of town also for sale. For particulars call and examine. *

CATHOLIC CHURCH NOTICE.—The members of the Catholic Church of Woodland will hold a meeting at the Court House on Sunday next, October 27th, at 10 o'clock A.M., relating to Church matters. All members, and particularly the Trustees, are requested to attend.

C. D. MORIN,
JOHN SCHUERLY.

JUSTICE OF THE PEACE.—The Board of Supervisors, on Thursday last, at a special meeting, appointed Wm. Minis Justice of the Peace for Cache Creek Township, to fill the unexpired term of J. H. Thompson, deceased.

SETTLED WITH THE STATE.—County Treasurer A. C. Kean made his quarterly settlement with the State Treasurer on the 25th, by paying into the Treasury fifteen hundred and eighteen dollars and fifty-two cents.

PLEASANT PARTY.—The party given by J. M. Wood on Friday evening of last week was a very pleasant affair. It was well attended, and all present appeared to be pleased with the entertainment.

TOWN TAXES.—The total assessment amounts to $4,906 75. Of this amount Town Marshal M. Snyder, has collected $4,068 75; leaving delinquent and to collect, $838.

THE ELECTORAL COLLEGE.—The total number of votes to be cast for President under the new apportionment is 366, of which 184 are required to elect.

HOUSE TO LET.—Parties desiring to rent a small house can obtain one by calling on T. B. Reindollar. *

STATE CENTRAL COMMITTEE.—These august gentlemen have taken it upon themselves to print tickets for the whole State, and are distributing them to the different County Committees. The *Post* very justly censures the State Committee, and we think the County Committees, if they accept those tickets, are justly censurable. The printing of tickets legitimately belongs to the party papers in the different counties. The San Joaquin County Committee refused to receive them. The *Post* is right. We hope every County Committee will do the same.

OVERLAND MONTHLY.—The November number of this popular monthly has come to hand. Its contents are as follows: "Isles of the Amazons," "The Mother Lode of California," "The Lost Cabin," "The Folk-Lore of Norway," "Good News" (poetry), "Old Uncle Hampshire," "Queen Elizabeth's California," "A Romance of Gila Bend," "The House of the Sun," "The Natural History of the Animal Kingdom," "A Perfect Day" (poetry), "Ultrawa," "Etc.," "Current Literature," "Record of Marriages and Deaths on the Pacific Coast."

REDUCING STOCK AND SETTLING UP.—My patrons who are in arrears on my books have been politely invited to square accounts, and some have responded, while others have not. Accounts remaining unsettled after thirty days will be placed in the hands of an attorney for collection. I shall also make sales during that time *at cost prices*, to reduce my stock and prepare for new goods. W. L. OGBURN.

NOTE LOST.—Lost by the undersigned, near Knights Landing, on the 18th instant, a note against J. Smith for five hundred dollars, bearing one and a quarter per cent. per month interest; dated August 20th, 1870. All persons are hereby cautioned against negotiating for said note. The finder will be suitably rewarded by returning it to H. S. BROWN.

Knights Landing, Oct. 25th, 1872.

CALL AND SETTLE.—As I am desirous of closing up all unsettled accounts upon my books immediately, those who know they are indebted to me are requested to call at my store at once, without further notice, and settle the same. C. D. MORIN. 12*4

"HOW TO GET RELIGION."—Elder James White will speak, in the tent, Saturday evening, Oct. 26th, on the subject of Conversion; showing the relation that baptism sustains to the change from a life of sin to obedience and holiness.

REPUBLICAN NOMINATION.—The Republicans of the Second District have nominated Daniel B. Hurlbut, of Cottonwood, for Supervisor.

SAVE YOUR DOCTOR'S BILL.—When Dr. Wistar's Balsam of Wild Cherry will cure coughs, colds, bleeding at the lungs, and arrest the fell destroyer, Consumption, it does more than most physicians can do. The use of a single bottle will satisfy the incredulous that they need look no further for the required aid.

SKILFUL SURGERY.—Dr. Lane, of this city, has performed a very remarkable surgical operation. Luther Corey, in the month of December, 1868, while working as head sawyer at Treat's mill, Santa Cruz County, had his arm broken in two places, one of which healed, but the other, owing to a splint of bone between the ends of the fracture, did not, and after suffering for over a year and a half, and incurring great expense in having the arm treated, Corey at last placed himself under the hands of Dr. Lane. Dr. Lane opened the arm, sprang the end of the bones, and cutting the callous parts, bevelled the edges of the bones, riveting them together with silver wire, and setting the arm in a case. The bone knitted and healed, leaving the arm in a perfectly healthy condition, but two inches shorter than before. Dr. Lane commenced upon the arm about eight months ago, and last week Mr. Corey had the wires taken out.—*Call.*

IS $250 THE PRICE?—Murphy, of the Gilroy Advocate, a neutral paper and opposed to Houghton for Congress in the Southern district, suddenly came out for Houghton in its last issue. This excited the people of Gilroy, and on inquiry it was found that Houghton had given Murphy a check for $250, and that Mayor Howard, of Gilroy, had cashed the check for Murphy, whereupon the Greeley and Brown club of Gilroy held a meeting and expelled Murphy from the club. It is said Page, the R. R. candidate in this district, pungled $250 to the Argus, which makes us inquire if $250 is the price to be paid for newspapers support of Stanford's Congressmen this year?—*Placer Herald.*

BECAUSE, wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made in a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the carriage maker with using inferior varnish.

Second—In washing a buggy cold water should be used freely, so as to remove the dust and mud before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the corners to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Rooms, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

How a Paper is Made.

"Pray how is a newspaper made?"
The question is easy to ask,
But to answer it fully, my dear,
Were rather a difficult task;
And yet, in a bantering way,
As the whippoorwill sings in the glade,
I'll venture a bit of a lay,
To tell how a paper is made.

An editor sits at his desk,
And ponders the things that appear
To be claiming the thoughts of the world—
Things solemn, and comic and queer—
And when he has hit on a theme
He judges it well to parade,
He writes, and he writes, and he writes,
And that's how a paper is made.

An editor sits at his desk,
And puzzles his brains to make out
"Telegraphic" so squabbled and mixed
It is hard to tell what it's about.
Exchanges are lying around—
While waiting despatches delayed,
He clips, and he clips, and he clips,
And that's how a paper is made.

An editor out in the town,
In search of the things that are new—
The things that the people have done,
The things they are intending to do—
Goes peeping and prying about,
For items of many a grade;
He tramps, and he tramps, and he tramps,
And that's how a paper is made,

And all that these workers prepare,
Of every conceivable stripe,
Is sent to the printer, and he
Proceedeth to stick it in type:
His lines, all respecting his will
In slow moving columns parade—
He sticks, and he sticks, and he sticks,
And that's how a paper is made.

In short, when the type is all set,
And errors cleared up more or less,
'Tis "locked in a form," as we say,
And hurried away to the press;
The pressman arranges his sheet,
His inky fingers the requisite shade,
Then he prints, and he prints, and he prints,
And that's how a paper is made.

POLITICAL ITEMS.

THE impression that the Presidential election will occur in all the States on the same day is erroneous. It begins in Louisiana on the 4th of November, by special act of Congress. All the other States except Texas, will follow with their votes on the 5th. Texas closes up the business with a four day's election on the 8th.—The four day's voting in Texas is simply a device adopted by the Radical legislature of that State, several years ago, for trotting negroes from one precinct to another, and thus increasing the Radical vote.—*Placerville Democrat.*

THE speeches of Mr. Greeley are doing an immense service all over the union. It is admitted that he is an intellectual prodigy; that never before have we had a candidate for President who was capable of such extraordinary exertions, and who, whether he is before a mechanical exposition, agricultural fair, or political assembly, puts in a brilliant appearance. Most men have their particular hobbies, and can only speak well upon them. But Mr. Greeley seems to understand everything, and to instinctively say the right thing in the right place.—*Cin. Inquirer.*

A dastardly outrage, which can only be considered as a murderous attempt upon the life of Mr. Greeley, was perpetrated at Sandusky. Just after leaving the station, Mr. Greeley stepped into the President's car, Northern Crown, which preceded Mr. Greeley's car, the Ruby, and while lying down a stone as large as a man's fist was thrown with great force through the heavy plate glass window and struck P. D. Cooper, the superintendent of the Cleveland and Toledo division of the Lake Shore road, just over the eye, inflicting a severe wound. As Mr. Cooper wore a white hat and light coat the scoundrel mistook him for Greeley. The occurrence created great excitement and a first class sensation in the car.

THE publishers of the New York *Sun*, aware that the Radicals contemplated shipping a large number of repeaters to Philadelphia to vote at the election, conceived the idea of sending a reporter along disguised as one of the gang; the plan succeeded admirably, the reporter left New York on the evening train of cars filled with the roughest specimens of humanity in the employ of the Radicals as repeaters; they were furnished with free passes to and from Philadelphia, and on their return were to be paid $25. It had been previously arranged for the men to vote once in each of the twenty-nine wards in the city. On their arrival at Philadelphia, they were sent to quarters especially prepared for them by the Radicals. As there was at least one thousand of these fraudulent repeaters, the reader can form some idea why Pennsylvania rolled up such a Radical majority, and why 10,000 more votes were registered in Philadelphia than were ever before cast in New York.

THE NORTH CAROLINA FRAUD.—Some days ago, says the Philadelphia *Age*, we published a statement in relation to the manner in which colored men were conveyed from Washington to North Carolina and voted in that State for Caldwell and his Radical colleagues. That statement was denied by the journals of that renominationist. But the denial is now met by the fact that the Liberal Republican Committee in Washington has now in its possession the affidavits of over fifty colored men who voted in that State at the late election. Hundreds more of like documents can be procured if necessary. But enough are on hand to show the manner in which Caldwell was returned on paper, and justify the Legislature in giving Judge Merrimon the legal return. That the latter was legally elected is no longer a matter of doubt or dispute among intelligent men of either party in North Carolina. Preparations are making to contest the return for Mr. Caldwell when the Legislature meets, and the result of that action will be the unearthing of the most monstrous frauds on the part of the Grantites, and the inauguration of Judge Merrimon as Governor of North Carolina.

PLUNDERING THE CALIFORNIA FARMERS.—If current statements are to be believed, the wheat growers of California have fallen into the toils of men no better than theives. The wheat crop of the State is estimated to be worth $27,000,000 to the farmers, but a combination of interior freighters, San Francisco speculators, and a shipping monopoly, have arranged to absorb $5,500,000 of this sum for transportation, leaving the farmers scarcely any profit for their labor and capital. As they have fixed things, it costs less to ship a car load of wheat from Council Bluffs Iowa, or St. Paul, Minn., to New York, 1,500 miles, than it does over the Central Pacific lines 200 miles. And when the cargoes are landed at Vallejo or Oakland, it costs from five to six dollars per ton more to ship it by way of Cape Horn to Liverpool than it did five years ago. The wheat of California in past years has been conveyed to Europe at less than the average of $17 per ton. This year's freights are to be from $20 to $24, and only because of the combination. The result to the farmers is worse than a flood or drought.—*Boston Journal.*

The Liberal Republican Platform—Adopted by the National Democratic Convention.

1. We recognize the equality of all before the law and hold that it is the duty of Government in its dealings with the people to mete out equal and exact justice to all, of whatever nativity, race, color, or persuasion, religious or political.

2. We pledge ourselves to maintain the Union of the States, emancipation and enfranchisement, and oppose any re-opening of the questions settled by the 13th, 14th and 15th Amendments to the Constitution.

3. We demand the immediate and absolute removal of all disabilities imposed on account of the rebellion, which was finally subdued seven years ago, believing that universal amnesty will result in complete pacification in all sections of the country.

4. Local self-government, with impartial suffrage, will guard the rights of all citizens more securely than any centralized power. The public welfare requires the supremacy of the civil over the military authority, and the freedom of person under the protection of the habeas corpus. We demand for the individual the largest liberty consistent with the public order; for the State self-government; and for the nation a return to the methods of peace and the constitutional limitations of power.

5. The civil service of the Government has become a mere instrument of party tyranny and personal ambition and an object of selfish greed; it is a scandal and reproach upon free institutions and breeds a demoralization dangerous to the prosperity of republican government.

6. We, therefore, regard a thorough reform of the civil service as one of the most pressing necessities of the hour; that honesty, capacity and fidelity constitute the only valid claims to public employment; that the offices of the government cease to be a matter of arbitrary favoritism and patronage, and that public stations become again the post of honor. To this end it is imperatively required that no President shall be a candidate for re-election.

7. We demand a system of Federal taxation which shall not necessarily interfere with the industry of the people, and shall provide sufficient means to pay the expenses of the Government economically administered, pensions, and the interest on the public debt, a moderate annual reduction of the principal thereof; but, recognizing the existence in our midst of honest but irreconcilable differences of opinion upon the merits of the respective systems of protection and free trade, we remit this discussion of the subject to the people in their Congresstonal districts, and to the decision of Congress thereon, wholly free from executive interference or dictation.

8. The public credit must be sacredly maintained, and we denounce repudiation in every form and guise.

9. A speedy return to specie payment is demanded alike by the highest considerations of commercial morality and honest government.

10. We remember with gratitude the heroism and sacrifices of the soldiers and sailors of the Republic, and no act of ours shall ever detract from their justly-earned fame or the full rewards of their patriotism.

11. We are opposed to further grants of land to railroads or other corporations. The public domain should be held sacred to actual settlers.

12. We hold that it is the duty of the Government in its intercourse with foreign nations to cultivate the friendship of peace by treating with all on fair and equal terms, regarding it alike dishonorable either to demand what is not right or submit to what is wrong.

13. For the promotion and success of these vital principles, and the support of the candidates nominated by this Convention, we invite and cordially welcome the co-operation of all patriotic citizens, without regard to previous political affiliations.

PURE

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

They are a gentle Purgative as well as a Tonic, possessing the merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

SARSAPARILLIAN RESOLVENT

HAS MADE THE MOST ASTONISHING CURES! SO QUICK, SO PERFECT ARE THE CHANGES THE BODY UNDERGOES, UNDER THE INFLUENCE OF THIS TRULY WONDERFUL MEDICINE, THAT

Every Day an Increase in Flesh and Weight is Seen and Felt.

THE GREAT BLOOD PURIFIER.

Every drop of the SARSAPARILLIAN RESOLVENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the waste of the body with new and sound material. Scrofula, Syphilis, Consumption, Glandular disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumous Discharges from the Ears, and the worst forms of Skin diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all weakening and painful discharges, Night Sweats, Loss of Sperm, and all wastes of the life principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the SARSAPARILLIAN will and does secure.

Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases; but it is the only positive cure for

Kidney & Bladder Complaints,

Urinary, and Womb diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and when there is a pricking, burning sensation when passing water, and pain in the Small of the Back and along the Loins. Price, $1.00.

Tumor of 12 Years' Growth Cured by Radway's Resolvent.

BEVERLY, MASS., July 18, 1869.

DR. RADWAY:—I have had Ovarian Tumor in the ovaries and bowels. All the Doctors said "there was no help for it." I tried every thing that was recommended; but nothing helped me. I saw your Resolvent, and thought I would try it; but had no faith in it, because I had suffered for twelve years. I took six bottles of the Resolvent, and one box of Radway's Pills, and two bottles of your Ready Relief; and there is not a sign of tumor to be seen or felt, and I feel better, smarter, and happier than I have for twelve years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.

THE GREAT

Eradicator of Special complaints

—FORMERLY OF—

Lock Hospital, London,

Nine years in Sacramento, and the last ten years in San Francisco, has

Returned to Practice.

After devoting to the practice of his profession and the successful treatment of CHRONIC DISEASES

Forty Years of his Life,

He determined to retire from his profession and devote the remainder of his days to the quiet enjoyment of private life; but the constant applications from the suffering everywhere, calling him to their relief, finally determined him to visit once more the scene of his early triumphs, LOCK HOSPITAL, and to spend a year within its wards in familiarizing himself with all the

New Methods

Of treatment in that celebrated institution and then devote a few more years of his life to the alleviation of suffering humanity. He is again located at his old office, corner of Jackson and Kearny streets, San Francisco, where for ten years previous, his practice as a SPECIALIST resulted in the cure of all cases brought under his care. The Doctor's motto is: "Honorable and successful treatment and moderate charges to all."

My Plan is Purely Vegetable,

Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

and diseases arising from the use of Mercury, such as pains in the shin-bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.
